## SEAFWA Intelligence and Investigations Summit

Tuesday, May 8<sup>th</sup>-Thursday, May 10<sup>th</sup>, 2018

Mountain Harbor Resort

Mt. Ida, Arkansas

Recent spikes in illegal wildlife trade threaten to overturn decades of conservation gains. Wildlife crime is second only to habitat loss as an overall threat to species survival. Conservation law enforcement agencies represent the first line of defense against the illegal commercialization and trafficking of fish and wildlife resources.

The 2<sup>nd</sup> annual SEAFWA Intelligence and Investigations Summit will address emerging trends in illegal wildlife trafficking, identify new species that are being targeted for commercialization, and allow investigators and intelligence personnel from across SEAFWA member agencies to develop valuable relationships, share information and tactics, and establish networks for communication in order to combat illegal activity occurring throughout the southeastern US.

SEAFWA member agencies are encouraged to send intelligence and investigations personnel to the upcoming conference Tuesday, May 8, 2018 to Thursday, May 10, 2018 at Mountain Harbor Resort & Spa. Conference registration is \$50 per person. A group room rate of \$93 has been made available to summit attendees until **March 15, 2018**. Room check in is available beginning the afternoon of May 7<sup>th</sup> with a checkout of May 11<sup>th</sup>.
